## STATEMENT OF OBJECTS AND REASONS

To deliver tangible health benefits on scale, the Central Government has introduced 'Ayushman Bharat Pradhan Mantri Jan Arogya Yojana' popularly known as 'Ayushman Bharat'.

It provides insurance based care delivery model to people at a coverage of rupees Five lacs per Family per years having annual income up to Five Lacs in Government as well as empanelled Hospitals.

In case of chronic ailments such as cancer, cardiac and respiratory disease, chronic kidney problem etc, the patient is required to undergo expensive treatment which is not within the reach of his family.

In view of income criteria the 'Ayushman Bharat' yojna does not provide total coverage in case of chronic ailment to every citizen. In case where after a prolong treatment a patient meets with death after all medical efforts, the payment of expenses on treatment leads to financial debt for his family.

With a view to give relief to the family in the moment of sorrow, it is considered necessary to waive the outstanding amount of Hospital Expenses in case of such chronic ailments.

Hence it is proposed to enact a law to achieve the aforesaid object.

Hence the Bill.
